

Lost

Dead by April

As an agent of life, I have practiced myself,
So much regrets, so much failure,
But to you it only feels like Im a distance, it's about to hurt
!

Lost in time, feels like I am fading,
All of us, is nothing, I'm lost within, I'm trapped inside me,
My past is staring at me; I am lost, so far away,
I am lost, so far away!

I feel so hard, so much left to see, I lose my life, in vain

As soon as I burn it down, we threw a black coat,
That goes to show to mean theres no tomorrow,
We'll all be done, with these questions, according to my end!

Lost in time, feels like I am fading,
All of us, is nothing, I'm lost within, I'm trapped inside me,
My past is staring at me; I am lost, so far away,
I am lost, so far away!

I feel so hard, so much left to see, I lose my life, in vain.

Lost in time, feels like Im fading,
All of us, is nothing, I'm lost within, I'm trapped inside me,
My past is staring at me; I am lost, so far away,
I am lost, so far away, awake myself
I am lost, so far away!

I feel so hard, so much left to see, I lose my life, in vain!
