

# Sorry for Everything

Dead by April

Sometimes you've said I didn't listen to your words  
That I even made you cry  
Maybe I didn't show in every possible way  
how much I cared

I'm sorry for  
not being myself  
For everything  
ending this way

Maybe I maybe you  
could made this change  
I'm sorry for  
for everything  
I wish that I  
could stop your tears  
from falling down

But unlike me I make it worse

Maybe I wasn't always there  
But it doesn't mean I don't care

Whatever it was

I'm sorry for not being myself  
For everything  
ending this way

Maybe I maybe you could made this change I'm sorry for  
For everything

We're minutes away  
from saying goodbye for all of time  
I'm second away  
from breaking apart

I'm sorry for  
for everything  
...I'm sorry for not being myself...

For everything  
ending this way  
maybe I maybe you could made this change

I'm sorry for  
...I'm sorry for everything...  
for everything  
...for everything...
