Condemned

Dead By Sunrise

Happiness for misery, I want it Cut me up and leave me for dead Sacrifice a simple life, no return Kiss the wife and kids goodbye for good

Come on, beat me I'm not a man Go on and kill me Condemned

Use me as a chemical, I'm burning
Love me like a suicide, come in
Treat me like an animal, I like it
Put me on my leash again, your pet
Suck the soul right out of me, don't need it
Happiness for misery, dig in

Come on, beat me I'm not a man Go on and kill me Condemned, damned
