

End of the World

Dead By Sunrise

When you read the news does it make you sick?
Murder, money, and politics gonna fill you up
Get your bullshit fix it's the end of the world
Grab your crucifix and fall to your knees
And beg God please have mercy on me (mercy!)

When you turn on the TV what do you get?
Sex, lies, scandal, violence like the end of a gun
Pressed against your lips it's the end of the world
Grab your crucifix and fall to your knees
And beg God please have mercy on me

When you can't buy gas and you can't pay rent
And what you've got left is the government's
No win, no future, no benefit
- it's the end of the world
Grab your crucifix and fall to your knees
And beg God please have mercy on me

Coming out of the hypocrisy
Coming out of the bureaucracy
Coming in to lead a war
They're a shame

You can ignore what you cannot see
You can believe in a lie
You can run away from anything
Until you open your eyes

No rest for the wicked yeah they never quit
Watchin, waiting for the next trick
We won't be celebrating when the atom's split
It's the end of the world grab your crucifix
And fall to your knees and beg god please
Have mercy on me

Coming out of the hypocrisy
Coming out of the bureaucracy
Coming in to lead a war
They're a shame

You can ignore what you cannot see
You can believe in a lie
You can run away from anything
Until you open your eyes

Coming out of the hypocrisy
Coming out of the bureaucracy
Coming in to lead a war
They're a shame
