Hostis Humani Generis

Dead Congregation

Goat burned god of plagues In thy name I carve my flesh I wish to be reborn!

Cast your darkness so I can see the light Let it perforate my soul the sun will set no more...

Lay me down on the bed of death Allow me to return redeemed Quench my thirst with vigorous bile Bestow upon me hate

Hostis Humani Generis

Purge the earth from human pest Manifestation of satanic might Spit forth thy utmost wrath An epitome of doom!
