

Drug-addict Christian minds, waiting to be manipulated  
Sheep to follow the teacher, but you were the first one  
lost, cunt...  
Destructive, driven by demons - Christfucking the temple  
above  
I now have you blindfolded on your knees...

This is the end of your fairytale  
The crown is deep in your skin

I shall carry you in a cage of claws and flesh  
Till the dusk of time - to face his rise in darkness

Abandoned, Terrorfilled, Disgraced  
This will be your hell, no redemption  
Tears of fright...
