

## Attractive But Deformed

Dead Infection

She's an attractive girl  
and very popular with her friends  
she has many admirers  
but never treated them seriously

Having a lot of dates, teasing all those stags  
she can indulge in it, 'cause she's deformed so gorgeous

deformed lips covered with lipstick  
smell of Chanel on worm eaten neck  
rotten breasts smeared with smooth cream  
just a typical girl next door

attractive but deformed  
you'd fall in love with her immediately  
your parents would like her  
get the chance to dream come true!
