

## Do the Slag

Dead Kennedys

Have you heard about the latest craze  
That's sweepin' across the nation  
All the punks from coast to coast  
Have discovered an old invention:  
"Your hair's too long Man, you're a queer  
You're too new wave Put down that beer..."

Do the Slag...look at 'em run  
Do the Slaghey you scum  
Do the Slag-Ain't it fun  
Do the Slag-Let's all be dumb

Badmouth people we don't know  
Make sure it's behind their backs  
Don't let new people in our scene  
It's more fun than having a friend  
We'll slag everyone each and every night  
So we can pretend that we're all right  
Make those pricks feel just so small  
We'll show the world that we're three feet tall  
Slander their integrity  
Doubt their humanity  
Talk about their haircuts  
Are their politics correct?

Do the Slag...look at 'em run  
Do the Slaghey you scum  
Do the Slag-Ain't it fun  
Do the Slag-Let's all be dumb

Don't let those sissies on the floor  
They're unhip, man, they bought the wrong clothes  
Let's all do the latest craze  
'Cause having allies never pays  
We'll slag everyone each and every night  
So we can pretend that we're all right  
Make those pricks feel just so small  
We'll show the world that we're three feet tall

Do the Slag...look at 'em run  
Do the Slaghey you scum  
Do the Slag-Ain't it fun  
Do the Slag-Let's all be dumb
