

I Fought the Law

Dead Kennedys

Drinkin' beer in the hot sun
I fought the law and I won
I fought the law and I won

I needed sex and I got mine
I fought the law and I won
I fought the law and I won

The law don't mean shit if you've got the right friends
That's how this country's run
Twinkies are the best friends I ever had
I fought the law and I won
I fought the law and I won

I blew George and Harvey's brains out with my
SIX GUN!
I fought the law and I won
I fought the law and I won

Gonna write my book and make a million
I fought the law and I won
I fought the law and I won

I'm the new folk hero of the Klu Klux Klan
My cop friends think that's fun
You can get away with murder if you've got a badge

I fought the law and I won (3x)
I am the law so I won
