

# Kinky Sex Makes the World Go 'Round

Dead Kennedys

Greetings: This is the Secretary of War at the State Department  
of the United States  
We have a problem.  
The companies want something done about this sluggish  
world economic situation  
Profits have been running a little thin lately  
and we need to stimulate some growth  
Now we know  
there's an alarmingly high number of young people roaming  
around in your country with nothing to do but stir up trouble  
for the police and damage private property.  
It doesn't look like they'll ever get a job  
It's about time we did something constructive with these people  
We've got thousands of 'em here too. They're crawling all over  
The companies think it's time we all sit down, have a serious get-together-  
And start another war  
The President?  
He loves the idea! All those missiles streaming overhead to and fro  
Napalm  
People running down the road, skin on fire  
The Soviets seem up for it:  
The Kremlin's been itching for the real thing for years.  
Hell, Afghanistan's no fun  
So whadya say?  
We don't even have to win this war.  
We just want to cut down on some of this excess population  
Now look. Just start up a draft; draft as many of those people as you can.  
We'll call up every last youngster we can get our hands on,  
hand 'em some speed, give 'em an hour or two to learn how to use  
an automatic rifle and send 'em on their way  
Libya? El Salvador? How 'bout Northern Ireland?  
Or a "moderately repressive regime" in South America?  
We'll just cook up a good Soviet threat story  
in the Middle East-we need that oil  
We had Libya all ready to go and Colonel Khadafy's hit squad  
didn't even show up. I tell ya  
That man is unreliable.  
The Kremlin had their fingers on the button just like we did for that one  
Now just think for a minute-We can make this war so big-so BIG  
The more people we kill in this war, the more the economy will prosper  
We can get rid of practically everybody on your dole queue if we plan this r  
ight.  
Take every loafer on welfare right off our computer rolls  
Now don't worry about demonstrations-just pump up your drug supply.  
So many people have hooked themselves on heroin  
and amphetamines since we took over, it's just like Vietnam.  
We had everybody so busy with LSD they never got too strong.  
Kept the war functioning just fine  
It's easy.  
We've got our college kids so interested in beer  
they don't even care if we start manufacturing germ bombs again.  
Put a nuclear stockpile in their back yard,  
they wouldn't even know what it looked like  
So how 'bout it? Look-War is money.  
The arms manufacturers tell me unless  
we get our bomb factories up to full production  
the whole economy is going to collapse

The Soviets are in the same boat.

We all agree the time has come for the big one, so whadya say?!?

That's excellent. We knew you'd agree

The companies will be very pleased.
