

## Paper Ships

## Dead Man's Bones

I sailed on a ship of paper  
And i sunk in the deep of your eyes  
I got lost in your graveyard  
Now i dream on a bed of knives

I found the maps to your maps  
I lost the shores for you  
And i'll never get back  
Cause i'm a ghost ship on the blue

Now i hold my poems  
For ladies unknown  
Until my hands go weak  
I'll be  
A ghost ship on the blue

The birds are in the sky  
Land's been gone for days  
All you left was time  
To find a solid grave

Pirates never loved  
The way that i do  
You never said enough  
To keep me next to you

Now i hold my poems  
For ladies unknown  
Until my hands go weak  
I'll be  
A ghost ship on the blue

The earth is flat and dangerous  
I grew out of my iron coat  
With a banshee in a tunnel
