

## Heaven

## Dead Meadow

The leader of this land  
thinks that evil has a life of its own  
Don't he know the shadows that he sees  
are nothing but his own

----(Feathers version)----  
Blessed by the blood of Abraham  
but the blood on your hands  
don't make a man  
So come on kid  
try to keep it still  
maybe even try to understand  
-----

Heaven isn't too far  
It's far enough  
We've been here for too long  
not long enough.
