

D.J. Hit That Button

Dead or Alive

The way I have to look is
I want more than anybody possibly can
The way I have to go for it
It makes me stand up, shake
And feel like a man

* I'm feel just like a radio
And when the D.J. hist that button
That's the way it was meant to be, yeah!
That's the way it feels right for me , yeah!
That's the way it was meant to be, yeah!
That's the way it feels right for me , yeah!

Anyone can have feet
Ooh, but they got to learn to use it
There's a special channel here
So do you get it or you lose it?

(* repeat)

Hit that button, hit that button
Hit that button, hit that button

The way I have to look is
I want more than anybody possibly can
The way I have to go for it
It makes me stand up, shake
And feel like a man

(* repeat)

** That's the way it was meant to be, yeah!
That's the way it feels right for me , yeah!

(** repeat and fade)
