

## D.J. Hit That Button

Dead or Alive

The way I have to look is  
I want more than anybody possibly can  
The way I have to go for it  
It makes me stand up, shake  
And feel like a man

\* I'm feel just like a radio  
And when the D.J. hist that button  
That's the way it was meant to be, yeah!  
That's the way it feels right for me , yeah!  
That's the way it was meant to be, yeah!  
That's the way it feels right for me , yeah!

Anyone can have feet  
Ooh, but they got to learn to use it  
There's a special channel here  
So do you get it or you lose it?

(\* repeat)

Hit that button, hit that button  
Hit that button, hit that button

The way I have to look is  
I want more than anybody possibly can  
The way I have to go for it  
It makes me stand up, shake  
And feel like a man

(\* repeat)

\*\* That's the way it was meant to be, yeah!  
That's the way it feels right for me , yeah!

(\*\* repeat and fade)
