

I Paralyze

Dead or Alive

Who's gonna put a bandage on my heart?
Who's gonna give me something for the pain?
And I know that you've been messing 'round
With stranger in the night
Who's gonna put a bandage on my heart?
Who's gonna put a bandage on my heart?

You've been watching me
And been starring all night long
And I think I did something that turned you on
You stay with me all night
And say let's just be friends
Then I find out
You're friends with other men

That's why I came here
To mess with your mind
That's why I came here
To mess with your mind
I paralyze

Who's gonna put a bandage on my heart?
Who's gonna put a bandage on my haert?
Who's gonna put a bandage on my heart?
Who's gonna put a bandage on my heart?

You've been sneaky
And it comes as no surprise
But did you have to do it
Right before my eyes?
I should have never let you
Come into my life
The lies you told me baby
Cut me like a knife

That's why I came here
To mess with your mind
That's why I came here
To mess with your mind
I paralyze
