

## My Forbidden Lover

Dead or Alive

People say you're a devil in disguise  
I don't care just tell me all your sweet lies  
Usually, I do not like your kind  
I want your body, don't care about your mind  
I have needs like any other man  
I'm satisfied with any way I can  
You're my forbidden lover  
Got no time for any other  
Everyone should have a love that they keep secret  
You're my forbidden lover  
Got no time for any other  
Pin my heart upon your sleeve and you can keep it  
Every time you walk out of the door  
I hope you'll hurry back  
You got me wanting more  
When we love, I'm really in a groove  
The way you kiss, kiss, kiss, kiss, kiss  
You make my body move  
When you are here and we're together  
Your love takes me to heaven  
You're my forbidden lover  
Got no time for any other  
Everyone should have a love that they keep secret  
You're my forbidden lover  
Got no time for any other  
Pin my heart upon your sleeve and you can keep it  
Money can't buy what you got  
What you got I got to have  
You really take me to the top  
With your love  
Take me to heaven  
You're my forbidden lover  
Got no time for any other  
Everyone should have a love that they keep secret  
You're my forbidden lover  
Got no time for any other  
Pin my heart upon your sleeve and you can keep it  
You're my forbidden lover  
Got no time for any other  
Everyone should have a love that they keep secret  
You're my forbidden lover  
Got no time for any other  
Pin my heart upon your sleeve and you can keep it  
You're my forbidden lover  
Got no time for any other  
Everyone should have a love that they keep secret
