

Selfish Side

Dead or Alive

You'll never need to fuel my mind
I cannot deny it
Let them drag my soul away
My body won't remind them
'Cause I've been motivated by
Living on the selfish side
I'm meant to be the survivor
I'm pushing me before you
I've taken too much from my hand that feeds me
Push my way right through
'Cause I've been motivated by
Living on the selfish side
I've been motivated by
Living on the selfish side, oh
You'll never need to fuel my mind
I cannot deny it
Let them drag my soul away
My body won't remind them
'Cause I've been motivated by
Living on the selfish side
'Cause I've been motivated by
Living on the selfish side
