

Special Star

Dead or Alive

You're off out somewhere with a hundred friends
And what I need to know is
When will I see again
Smile and say that there's a place and time
And that you'll soon be mine
And what I need to know is when
(Chorus)

You are what I dreamed about
You're a wish I made
When the lights went out
You are my special star
The one I want
The first in line
You are the special star
Let it, let it shine

I sit and dream
And I stare into space
And what I wouldn't give
If I could only see your face
You'll never know
And if you did you'd laugh
I couldn't count the times
That I kissed your photograph
