

The Right Stuff

Dead or Alive

Baby it is obvious I'm born to please,
What I'm gonna do will put you on your knees,
There's no other man, there's no other man!

Come on call me up and I will be around,
I know what you need I got the best in town,
There's no other love, not like mine.....,

Ain't no doubt about it, you can't get to sleep without it,
It's the right stuff, baby it's the right stuff,
Come on take my hand and a turn a boy into a man,
I got the right stuff, hey! I got the right stuff,
Wanna try the right stuff, aaahhahh!

Anything you want I got it here in me,
What is in your dreams, I do it naturally,
There's no other time, not like now....,

Do you deal in it; cos I want some,
Baby I can handle it,
I gotta try some...

Party all night long I'm going to party all night long (x 2)
Party, Party, Party (x 2)
