

# Total Stranger

Dead or Alive

It's funny, with you  
I really felt secure  
Because I wanted to  
Who is zoomin' who

But I really must explain  
That I can't hide the pain  
When you enjoy yourself  
With someone else

But there's one thing  
That you should know about me  
That I can't stand the lies  
That I can't take the infidelity

I know you've been seeing  
A total stranger  
(A total stranger)  
All the love we built  
Has been tumbled down  
'Cause of a total stranger  
A total stranger

I know (I know)  
You've been seeing  
A total stranger  
Everything we had  
Has been thrown away  
'Cause of a total stranger  
A total stranger

What's good for you  
Is good for me, too  
And I've had enough  
Of your lying  
Enough is enough  
I've taken to much  
You've made your mistake  
Now you're crying

You better beware  
When I come to town  
I'm gonna paint it so red  
You'll think it's burning down

That's how I got my name  
And some things never change  
And so I'm going home  
Into the party zone

But there's one thing  
You've got to know about me  
That I can't stand the lies  
That I can't take the infidelity

And I know you've been seeing  
A total stranger

All the love we built  
Has been thrown away  
'Cause of a total stranger  
A total stranger

I know, I know  
You've been seeing  
A total stranger  
Boom boom  
With a total stranger  
A total stranger

What has been done  
Should never have been  
You were just headed for heartbreak  
I won't pretend  
That I'll be your friend  
You pay for mistakes

Now I know your game  
I know what must be done  
I'm gonna fan the flame  
You will remember my name

Oh baby, I know  
You've been seeing  
A total stranger  
In the boom boom room  
With a total stranger  
A total stranger

And all of the time  
That you were out all night  
Well, I already knew  
It was me who's fooling you

I know what you've been doing  
With a total stranger  
(A total stranger)  
Everything we had  
Has been thrown away  
But it was me who was fooling you

Now baby, and I know  
I'm gonna, I'm gonna fan that flame  
Because I'm goin' home  
To the party zone

And that's how I got my name  
I'm gonna fan that flame  
I know your game  
So I know what must be done  
But I was foolin' you
