

# You Make Me Wanna

Dead or Alive

I'm like a dog-dog-a-doggy that is on heat  
And I been howlin' out loud for some black meat  
And while you're out there waitin'  
I'm doin' the chasin'  
Don't like it, like it.  
Am I bark-bark-a-barkin' up the wrong tree?  
It should be you for you  
And me for me  
We should both get together  
In somebody's bedroom  
And make it, make it

\*you know you make me wanna groove, yeah!  
Groove, yeah!, Groove yeah! Yeah! Yeah! Yeah!

I been hanging around around your street  
And I've been checkin' every body out  
It starts to get to me  
And while you're out there makin'  
The love that you're makin'  
I'm schemin', dreamin'  
And if I call you up upon your telephone  
Somebody answers and they tell that you're never home  
Well I might as well say it, I'm getting frustrated  
Can't take it, take it.

(\*repeat)

You know, I'm anticipating

And I don't care- I'm sick and tired of waiting  
'Coz you're in and you're out always fucking about  
Gotta stop it, stop it  
I know, just what you're doing 'coz you're out there  
With somebody new always in and you're out  
Well, you're hurting my voice  
So get movin, movin

(\*repeat)

Well, I'm like a dog-dog-a-doggy that is on heat  
And I been howlin' out loud for some black meat  
And while you're out there waitin'  
I'm doin' the chasin'
