

# All My Heroes Have Failed Me

Dead To Fall

Up and out  
I never regretted a thing  
Take a glance from the inside  
It isn't what you think  
This is it  
This is everything I have  
So between you and me  
Give up all fucking hope  
I've got the answer, so save your fucking explanation  
This is the last time I'll suffer through your exploitation  
Harvest truth and save it for your revelation  
I've lost all trust and I've finally had the realization  
All my heroes have failed me  
And all your heroes will fail you  
Give up hope  
I don't care and I'm through hearing you justify  
You've given up and I know you've fucking died inside  
We've burned it all and everything it signifies  
I've reached my breaking point and I finally realize  
All my heroes have failed me  
And all your heroes will fail you  
Give up hope  
I'm sick of trying and I'll never put my trust in you  
No more heroes no promise of something new  
It's over now  
There's no more damage you can do  
You're dead to me, because me and you are finally through  
All my heroes have failed me and I have given up hope  
This is the last time I ever place my trust in someone else  
And I have given up all fucking hope
