

## Preying On The Helpless

### Dead To Fall

You took everything in a single action  
Caring only for your instant gratification  
You smashed their world and took  
Everything away  
Preying on the helpless, children  
The consequences are reaped for your actions  
The seed of destruction is sown  
and I don't care what you plan to accomplish  
and I won't allow you to hurt anymore  
Your days are numbered  
Preying on their lives,  
Preying on their souls
