Arrhythmic Palpitations

Dead to Me

In the middle of the night I can do it just right It seemed like a good idea at the time And the morning light Will sting and blind With all the things that I've been running from Ya, remember how scary it was? Funny how everything does

So I dive right in, but the current is swift
My arms won't swim and my legs won't kick
I start sinking humiliation
I start sinking arrhythmic palpitations again
Then the walls came tumbling in
Ya, remember how scary it was?

Don't let all the reasons why you're here Become the same reasons why you don't stay I promise you
That I will take my time
I promise you
That I won't waste your time
