

## Blue

Dead to Me

This guy comes up to me  
I said "who are you?"  
He said "I think you know,  
I'm blue"

You used to heigh 200 pounds  
Now yer skin and bones  
Boo Hoooo!

People flood the streets  
With their heads on fire  
Has that ever happened to you?  
Blue?

That's the sound of the ocean  
Crashing down on you  
Blue  
Running through the veins of  
Memory's remains  
She's cursing you

People flood the streets with  
Their heads on fire  
Has this ever happened to you, blue?  
People runnin' scared as their eyes turn black  
Has this ever happened to you, blue?
