

# One Day I Will Kill You

Deadbolt

You sit there  
And you look at me  
You've got my  
Woman  
You've got my money  
You've got me pretty good, buddy  
And you laugh  
You and her

One day, I will kill you  
One day, I will kill you

As the cops took me off to jail  
I saw you making fun of me  
Laughing  
I gotta hand it to you  
You really know how to fuck someone over  
And I was the willing dupe  
But I know you can't sleep at night  
'Cause of the words

One day, I will kill you  
One day, I will kill you

Yeah...  
I knew she'd leave you  
I knew you'd be broke  
But you didn't count on me getting out of jail so quick  
Now you sit there in a cheap hotel room  
Crying as I walk in the door, fulfilling the words I told you

One day, I will kill you  
One day, I will kill you  
One day, I will kill you  
One day, I will kill you

Goodbye, my friend

I have killed you
