

She's Gone Gongwipdu

Deadbolt

One eye rolls around in her head
The other lies in the palm of the dead
Come to dinner one night, boy
I'll tell you 'bout the time she killed Roy

Don't go boy
She's gone gongwipdu
I'm telling you, man!
She's gone gongwipdu

She disappeared for about a week
Came back on the lesbian chic
Two broads doing the Watusi all night
Making shakwala in the moonlight

Oh, don't go! Eee!
She's gone gongwipdu
Help me ah!
She's gone gongwipdu

Leave her alone, boy!
She's gone gongwipdu
Ahh ehh!
She's gone gongwipdu
