

Pulling me under the water  
Where human glory disappears  
Escaping this life seems so easy  
But I fear a thousand fears

Down to the bottom sand  
Fragile life comes to end

Sailing in the sea of tears  
Sorrow - I owe you everything  
Sailing in the sea of tears  
I can feel the hurt again

Guided by whispering voices  
I feel the silence everywhere  
Like memories from my past  
Why should I live in a world where nothing lasts?

Down to the bottom sand  
Fragile life comes to end

Sailing in the sea of tears  
Sorrow - I owe you everything  
Sailing in the sea of tears  
I can feel the hurt again

Old thoughts are running through my head  
Can I release myself from chains  
Will I ever forgive myself

Sailing in the sea of tears  
Sorrow - I owe you everything  
Sailing in the sea of tears  
I can feel the hurt again!

Oh I can feel...  
Oh I can feel...  
I can feel the hurt again!  
Oh I can feel...  
Oh I can feel...  
I can feel the hurt again!
