

The Arsonist

DeadLock

"Fire! The Arsonist!

No consolation - no you won't fail

Generations to be impaled

The order of old is non-existent

Is this death worth living for?

What will remain - my dearest desire - is fire The earth will t
urn to a funeral pyre - fire!

The arsonist!

In dry rivers man seeks to drown

Keep desires, faith carves in stone

Now seek out, cut down the demon's curse

In vain... We perish with the earth!

Now! They die by words of fire...

Now! And this is what remains

Fire!

What will remain - my dearest desire - is fire The earth will t
urn to a funeral pyre - fire!

The Arsonist! [4x]"
