

## With A Smile On My Face

DeadLock

With the three means of punishment words thoughts and acts ya s  
hall not injure living things.  
But what happens every day we lead thousands of creatures to th  
e slaughter it is like the entrance in hell.  
My thoughts gave my actions a battle and that's why I am here.  
To give another battle to the ones who destroy the creation.  
With humility I fall to my knees and pray for forgiveness.  
But the immortal souls of the dead give rise to a demon.  
That demon and his army of undead warriors prepare for reprisal  
.  
And they will beat us with our own weapons.  
Which means harm cruelty and death.  
But we shall not cry we deserve to be punished.  
And I will die with a smile on my face
