

# Let The Hammer Fall

Deadsoul Tribe

Wanted to feel something real  
Can't find it in the city  
As long as I stay, ain't no way I'm gonna find it here  
Want to conceal what I feel  
Because it ain't too pretty

Let the hammer fall down  
Won't you let the hammer fall down

Some people say that the day is going to be tomorrow  
Others contend that the end is never coming here  
One thing I know is that no one will be safe from sorrow  
When the hammer falls down, honey  
When the hammer falls down

Always know that I will love you  
Let the hammer fall down  
Always know that I still love you  
Let the hammer fall down

Part of the scheme in my dream is clouded in my vision  
All that I say takes away another part of me  
One thing for sure, that the cure for this sad condition

Let the hammer fall down  
Honey, let the hammer fall down

One blade of grass through the cracks in the broken city  
Kind of reminds me that Eden wants to come again  
The mightiest tower standing, obliterated  
When the hammer falls down, honey  
When the hammer falls down
