Precious Nothing

Deadstar Assembly

I know your bad for me It makes me want you more I will do anything Cause I'm your filthy whore. You keep me down And i cant face the day You keep me bound And cant escape the fray I'm much more than this But i dont mean much I dont matter to you Cause i'm just a fuck I should've never beleived those things you said Everything i felt inside is dead I thought i meant something I guess not i'm a precious nothing to you I keep on losing face Until i'm erased Welcome to the trends And spread the pop disease You cant lose the friends That spread their legs to please you I should've never beleived The things you said Everything i feel inside is dead Wear The Mask!
