

Illumination

Deals Death

I reach for the strength
In my damaged soul
Weakened by the values
Set by us all
Life was nothing worth
Without the fix
Fill me up
Or leave me to die

Insomnia takes its toll
Don't let me fade anymore

My existence is shaken
To the very core
Altered I stand
With all the answers gone
Your reaction is my illumination
To find serenity

Insomnia takes its toll
Don't let me fade anymore

Your reaction is my illumination
I'll find serenity

Insomnia takes its toll
Don't let me fade anymore

Insomnia takes its toll
Don't let me fade anymore
Don't let me fade anymore
