Little Did We Know

Dean Martin

Little did we know the day we said hello That you'd be the one for me Little did we dream our hearts would play a theme That soon was a symphony

Little did we know one sweet caress Would lead the way to happiness Yes, little did we know the love we'd share That now we'd know how much we care

Little did we guess one sweet caress Would lead the way to happiness Yes, little did we know the love we'd share But now we know how much we care
