

Love, Love, Love

Dean Martin

(She-oop, she-oop, she-oop)
Ain't nothing in the world for a boy and a girl but love, love,
love
Ooh love, love, love, love, love, love
There ain't nothing in the world for a boy and a girl but love,
love, love
And that's the only thing I'm thinking of

Love can make you happy when you're feeling blue
If the one you love is in love with you
There's nothing in the world for a boy and a girl but love, lov
e, love
Yeh, love, love, love ooh love, love, love
There's nothing ooh love, love, love
And that's the only thing I'm thinking of

(She-oop, she-oop, love, love, love, love, love, love)
(She-oop, she-oop, love, love, love, love, love, love)
That's the only thing I'm thinking of
Love can make you happy when you're feeling blue
If the one you love is in love with you
Ain't nothing in the world for a boy and a girl but love, love,
love
Yeh love, love, love oh love, love, love
Ain't nothing in the world for a boy and a girl but love, love,
love
That's the only thing I'm thinking of
That's the only thing I'm thinking of
