

# One Foot in Heaven

Dean Martin

One foot in heaven when you hold me sweet  
One foot in heaven right on angel street  
We're in a great way gee but it's nice  
Standing in the gateway to paradise

One foot in heaven on the golden stair  
And with the other one I walk on air  
Maybe just beginner's luck but angel I've got winner's luck  
'cause I have you

One foot in heaven when you hold me sweet  
One foot in heaven right on angel street  
We're in a great way gee but it's nice  
Standing in the gateway to paradise

One foot in heaven on the golden stair  
And with the other one I walk on air  
Maybe just beginner's luck but angel I've got winner's luck  
'cause I have you
