

# One Lonely Boy

Dean Martin

I'm tired of bein' lonely  
and walkin' with the blues.  
Live alone can't satisfy my needs.  
So I put an advertisement  
in Daily Evening News.  
It may sound kind of funny, but this is how it reads.

It says there's one lonely boy needs one lonely girl.  
To walk along beside him everywhere.  
Yes it says there's one lonely boy needs one lonely girl.  
Who has a lot of love she wants to share.

Now heartaches and misfortune  
are both old friends of mine.  
I never had a true love, Heaven knows.  
But I keep right on hoping  
that the one I'd like to find.  
Who sees my advertisement and this is how it goes.

It says there's one lonely boy needs one lonely girl.  
To walk along beside him everywhere.  
Yes it says there's one lonely boy needs one lonely girl.  
Who has a lot of love she wants to share.

Who has a lot of love she wants to share...
