## Peddler Man (Ten I Loved)

**Dean Martin** 

Come along ladies look and buy Come along ladies don't be shy Ladies, ladies here's the peddler man

I'm just a poor but honest peddler I got a wagon and a donkey If you need pots, I've got lots Need a hat, I've got that Take your time, I've got time

I'm still in my prime Peddler Man Ten I love, nine I've forgot Giddiup donkey, one more mile Giddiup donkey, stop awhile What a lot of pretty girls I've met

Ten I love, nine I forgot Giddiup donkey, don't be slow Giddiup donkey, home we go To the only one I can't forget (Peddler Man, Peddler Man) I like to hear the daughters calling Oh mama mama here's the peddler man You want a gown blue or brown Want some hose, I've got those Look and buy, don't be shy I can satisfy (Peddler Man, Peddler Man)

(Ten he loved, nine he forgot)
Giddiup donkey one more mile
Giddiup donkey stop awhile
What a lot of pretty girls I've met

Ten I loved, nine I forgot Giddiup donkey don't be slow Giddiup donkey home we go To the only one I can't forget (Peddler Man, Peddler Man)
