

# What's Yesterday

Dean Martin

What's yesterday if we can never say  
Remember when

Life with no past mm a show with no cast  
Can you picture them

Once a day when the chill just won't go away  
You have something to warn you in a woman's way

Time will allow one moment of now  
Then it's yesterday

Girl you've got to pause to make time stand still  
Don't throw this away

Move your eyes in a way that it tickled me  
You're no longer afraid you believe in me

Now take a deep breath smile you will regret  
Why just can't you wait

Look there's the sun your life has just begun  
Only yesterday

The coffee's in the cup the toast is popping up  
The smoke's in her hair  
La la...
