

## When You Pretend

Dean Martin

Although you're stuck with Dean's there's money in your jeans  
When you pretend  
The wolf that's at your door is not there anymore  
When you pretend

Ah there's nothing you can't be  
Just wish and see  
Why the world's your cup of tea  
Some dish says me

The happiness you find is all a state of mind  
That's true my friend  
And life is filled with happy endings  
When you pretend

There's nothing you can't be  
Just wish and see  
The world's your cup of tea  
Some dish says me

Ah the happiness you find is all a state of mind  
That's true my friend  
And life is filled with happy endings  
When you pretend
