

# Absence Of The Heart

Deana Carter

I write you letters but I don't send them  
I just can't figure out how to end them  
I try to reach you you're right beside me  
There's something missing and we can't deny that

We live together separately  
We don't wanna fall apart  
But every time we kiss  
There's an emptiness  
An absence of the heart

How did we lose it? Why did this happen?  
When did we take it all for granted?  
We sit in silence inside we're crying  
How can we keep our love from dying?

We live together separately  
We don't wanna fall apart  
But every time we kiss  
There's an emptiness  
An absence of the heart

We live together separately  
We don't wanna fall apart  
But every time we kiss  
There's an emptiness  
An absence of the heart

We live together separately  
We don't wanna fall apart  
But every time we kiss  
There's an emptiness  
An absence of the heart

I write you letters but I don't send them
