

# Do Or Die

Deana Carter

I'm sitting in the middle of the kitchen floor  
Wondering how I'm gonna make it to the store  
Trying to make it through another week,  
I didn't get paid  
I feel a little hand rest on my sleeve  
My little boy's voice, so soft and sweet  
He says, "Mama, we got all we need  
"We're gonna be okay"

How we learn to live without  
Is when we learn to live

So do or die, laugh or cry  
This is just a temporary storm that's blowing by  
Sink or swim, lose or win  
It takes the extraordinary to change the world we're in  
I could sit around and think about all the reasons why  
It's do or die

I heard about a man from Galilee  
Who laid down his life for you and me  
He never said a word about the pain  
Man, I want to feel a love like that  
And the will to give away everything I have  
And find some peace in my heart, and not complain

When we learn to love like that  
Is when we learn to live

So do or die, laugh or cry  
This is just a temporary storm that's blowing by  
Sink or swim, lose or win  
It takes the extraordinary to change the world we're in  
We could sit around and think about a million reasons why  
It's do or die

We can sit it out or turn around and give it one more try  
It's do or die

I'm sitting in the middle of the kitchen floor  
How I'm going to make it to the store  
It's do or die
