

Make Up Your Mind

Deana Carter

I don't understand the things you do
The more you think the more I think you are confused
It shouldn't be so hard to figure out
What you can and cannot live without so why can't you

Make up your mind
I'm going crazy
After all this time
You'd think that maybe
You would realize
That no one else could love you like I do
And I just can't keep waiting here for you
To make up your mind

I don't know what it is that you're searching for
I wonder if you wonder if there's something more out there
And even though I know it'll break my heart
I can't keep going on and on the way things are
It's not fair

Make up your mind
I'm going crazy
After all this time
You'd think that maybe
You would realize
That no one else could love you like I do
And I just can't keep waiting here for you
To make up your mind

I don't wanna have to tell you goodbye
But baby, trust me I will
And I might regret it for the rest of my life
But I can't change the way I feel

Don't you realize that no one else could love you
Like I do, but I just can't keep waiting here for you
To make up your mind

I don't understand the things you do
The more you think the more I think you are confused
Make up your mind
Make up your mind
