

Twice As Worth It

Deana Carter

We're on shaky ground but it's too late now
I ain't backing out, I don't give up that easy
You're not an easy man
For me to understand sometimes

No matter how hard I try
You just shut me out and you act so proud
Always walking 'round with the world on your shoulders
But when you open up, I see so much love inside
And that's when I find, that it's

Twice as worth it
I know you've got just what I need
No, you ain't perfect for me
And it's gonna be twice as worth it

Slide on over here, let me feel you near
Say things in my ear, make love to me sweetly
C'mon and take my hand and be my man tonight
Only you can prove me right, that it's

Twice as worth it
I know you've got just what I need
No, you ain't perfect for me
And it's gonna be twice as worth it
