Paper Bag

Dear and the Headlights

I'm like a paper cup with a pin prick You can fill me up but I'll only stay full for a while And wisdom's only shown me that my loneliness is all my fault And it's all my fault And I don't know What I have done wrong You say you understand me well I don't get you at all It seems everyone around me is so good at faking it that I don' t know Just how to act Around you I'm like a paper bag but the bottoms wet It must be something bleeding internally inside I didn't know the things that you never did could stay with you your whole life And I don't know What I have done wrong You say you understand me well I don't get you at all It seems everyone around me is so good at faking it that I don' t know Just how to act Around you And how to act About you I've got a memory but I can't hear what you're saying

You're looking straight at me but I'm looking the other way
