

Bad Dreams

Deas Vail

I am alone in a stranger's bad dream
I don't know what any of this means
I see the the signals, I feel the world bending
In any moment, it's breaking around me
It's a matter of time
What ya gonna to do if I step out of line?

I'm crossing fingers and hoping life works out
I'm crossing rivers, and hoping I don't drown.
I see the imitation, I feel the ending
Tell me what it means
Is my imagination the only meaning?
Everyone is over. Everyone is overcome.

It's all in my mind
What ya gonna to do if I step out of line?

Everyone is over. Everyone is overcome.
Everyone is over. Everyone is overcome.
Everyone is over. Everyone is overcome.
Everyone is over. Everyone is overcome.
Everyone is over...
