

# God vs God

## Death Angel

You know I need you  
But you keep me at bay  
I cannot leave you  
I can't get away  
I see your shadow  
everywhere I turn  
You stole my future.  
Left my heart here to burn

Hand in Hand  
We flew to the sky  
I lost my grip  
and alone I can't fly  
I want to take you  
to a future so vast  
I can't cut ties  
with my dark dreary past

God versus God  
Worship blood  
Selfish greed  
when I need  
Pierce my flesh  
Set me Free

First time I felt you  
knew that you were the one  
A sacred healer  
Magic warmth like the sun  
You built a wall  
That's so hard to scale  
Can't break these chains  
and I'm destined to fail

My mind is racing  
I don't want you to go  
It's just a fact  
Don't say it aint so  
The ones you need  
They always leave  
It's ones you loathe  
Who make it so hard to breathe

God versus God  
Worship blood  
Selfish greed  
when I need  
Pierce my flesh  
Set me Free

Don't want to be your slave  
Sent to an early grave  
God! Won't you heal this part of me

Been down for far too long  
Kicked out! Again I'm wrong  
God! Won't you heal this part of me

God versus God  
Worship blood  
Selfish greed  
when I need  
Pierce my flesh  
Set me Free

Don't want to be your slave  
Sent to an early grave

God! Won't you heal this part of me

Been down for far too long  
Kicked out! Again I'm wrong  
God! Won't you heal this part of me

Don't want to be your slave!
