

Intruder

Death Angel

Cast through the gates
we're looking for you
trying to run there's nothing you can do

Fight for your life
Not gonna give up
till we shoot you down

Intruder
Intruder

Nowhere to hide
Time's running out
The angels' gonna take ya
with no doubt

.. and then trapped
just about to scream
suddenly you wake up
and it's just a dream

Intruder
Intruder

You're running
You're hiding
You can't get away

You're screaming
You're crying
You're here to stay
You're pleading
You're begging
My hearts' ..
The truth will be .. tonight
