

# No Time For Love

Death Angel

trying to get me home  
I've got to move along

Chorus:

No Time for love  
No Time for love  
No Time for love

Gonna treat me right  
all through the night  
gonna wake up  
I'm gone  
got to carry on  
check out what you missed  
drop you off my list

No Time for love  
No Time for love  
No Time for love

Babe  
I've gotta leave ya now  
You've had my love  
but I can't stand  
there ain't no way  
you've gotta go

Before you go  
thought I'd let you know  
like a sign above

I'm free  
can't you see  
I've got no time for love  
I've got no time for love

No time for love  
No time  
No time  
No time for love  
No  
No time for love
