

## Never Again

## Death Before Dishonor

Looking back to the day it went down  
I felt it coming there was no doubt  
Built up it's just too much of the bullshit  
I just can't add up

I know your mind games and  
I can feel the strain but it won't phase me  
Because I've seen it all and felt it all  
I realize there's no such thing as hope

You made me make a choice  
That I had to make  
Now I know you're not true  
It's time not to care so fuck you

I'll never know the truth so fuck you  
You - you're the one - you're to blame  
Never trust again I'm scarred for life  
Believe the untold future

You never know what lies ahead  
Tell me all the shit that you feel  
Light a flame to it your shit ain't real  
I will never love again

Burned by your greed  
I see right through your tactics  
I will never love again  
Never trust in you again

Looking back to the day it went down  
I felt it coming there was no doubt  
Built up it's just too much of the bullshit  
I just can't add up

I know your mind games and  
I can feel the strain but it won't phase me  
Because I've seen it all and I felt it all  
I realize there's no such thing as hope
